I the undersigned seek your Consent to Purchase Smart Class Device.

Dr. Alak Kumar Das
Principal

PRINCIPAL
Domkal Girls' College
Domkal, Murshidabad

We the undersigned, hereby consent to the purchase of smart class device for use in our college. I understand that this device will be used to enhance the learning experience for my students and provide me with innovative tools to engage and instruct. I acknowledge that the device will be used in accordance with the College technology policies and guidelines, and that we will be responsible for ensuring its proper use and maintenance. I understand that the device will be purchased with college funds and that we will be responsible for ensuring its proper use and accountability. We will participate in training and professional development opportunities to effectively integrate the device into our teaching practices.

Developed in collaboration with IIT Bombay, K-Yan (The Knowledge Vehicle) is an award winning, portable, easy to use integrated device that converts any wall or hard surface into an interactive & collaborative learning surface. As the world's first Community Computer, K-Yan pioneered interactive group learning in classrooms. K-Yan includes sophisticated features and cutting edge technologies to facilitate interactive & dynamic group learning across subjects and learning methods.

All-in-one portable EdTech device designed to make teaching learning rich, engaging and efficient.

TEACH

Knowledge Classrooms

Pre-loaded with 2D/3D multimedia content, K-Yan facilitates better understanding of concepts

Empower Teachers

K-Yan with its in-built interactivity empowers teachers to improve student engagement in classrooms

Global Resources

Internet connectivity enables access to a wide library of educational resources

LEARN

Capacity Building

The large screen projection capability of K-Yan allows for group training programs

Information Dissemination

The portable design of the K-Yan makes it a handy information dissemination tool

Communication

Equipped with a web camera and internet connectivity, K-Yan facilitates video conferencing

COLLABORATE

Television

K-Yan converts into a large screen TV when connected to a set-top box

Home Theatre

Enables a home theatre like experience with large screen projection and superior audio

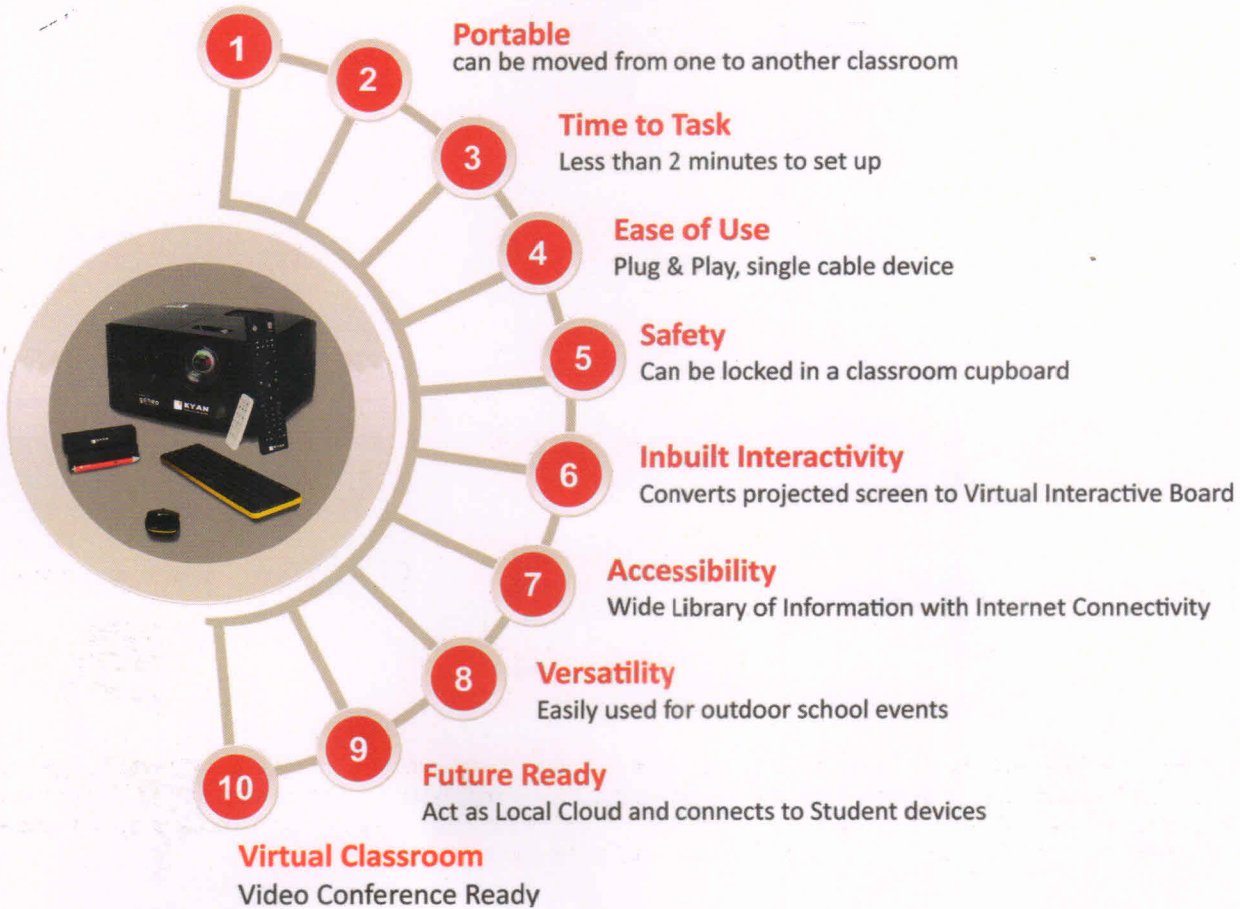

Gaming

K-Yan can be connected to various gaming consoles delivering a lifelike gaming experience.

Highlights

All in One Device

Multiple Technologies Available at hand
