

Programme Outcome for B.A. Sociology Courses Under New Education Policy (NEP)

The B.A. in Sociology program aims to develop a sociological perspective among students by imparting a critical understanding of social structures, processes, and institutions. The program focuses on:

- **Conceptual Understanding:** Equipping students with foundational knowledge of sociological theories, methodologies, and applications.
- **Critical Thinking:** Enhancing analytical and critical thinking skills to interpret social phenomena.
- **Research Skills:** Providing knowledge of research methodologies and data analysis techniques.
- **Interdisciplinary Approach:** Understanding sociology's relationship with other social sciences.
- **Social Awareness:** Encouraging awareness and sensitivity towards social issues such as caste, gender, class, and ethnicity.
- **Professional Competency:** Preparing students for careers in academia, research, policy-making, social work, and other related fields.
- **Ethical and Civic Responsibility:** Developing ethical consciousness and a commitment to social justice and community engagement.
