Domkal Girls' College

Programme Outcome (PO):

☐ Program outcomes for an undergraduate political science program typically aim to equip students with a range of skills and knowledge that will prepare them for various careers in politics, government, public service, academia, or related fields. Here are some common program outcomes for such a course:

1. **Understanding of Political Systems:** Students should develop a comprehensive understanding of different political systems, including their structures, processes, and dynamics, both domestic and international

2. **Critical Thinking:** The ability to critically analyze political issues, theories, and events is crucial. Students should be able to evaluate evidence, identify biases, and form reasoned arguments.

3. **Research Skills:** Political science involves significant research, both qualitative and quantitative. Students should be proficient in conducting research, gathering data, and analyzing findings.

4. **Communication Skills:** Effective written and oral communication skills are essential in political science. Students should be able to articulate their ideas clearly and persuasively, both in academic writing and public speaking.

5. **Understanding of Political Theory:** A solid grasp of political theory is fundamental. Students should be familiar with key concepts, ideologies, and debates within political science.
