Programme Description

The Career Counselling Programme at Domkal Girls' College was organized with the primary objective of motivating and guiding students towards preparing for government jobs. The event commenced with an inaugural speech by Dr. Alak Kumar Das, the Principal of the college, who emphasized the importance of career planning and preparation for achieving success. The main session was conducted by Soumya Banerjee, the Zonal Manager (North) of RICE Education. He provided an insightful and comprehensive overview of the various government job opportunities available and the systematic approach required for cracking the competitive exams. His speech included practical tips, success stories, and an analysis of the current job market trends.

The chief guest, Jafikul Islam, addressed the students, emphasizing the role of education in empowerment and the importance of seizing opportunities for a stable and prosperous career. The session concluded with a vote of thanks by Mr. Priyankar Das, the Convenor of the Career Counselling Cell, who expressed gratitude to the speakers and participants for their valuable contributions.

Strength

The presence of experienced and knowledgeable resource persons from RICE Education ensured that the students received high-quality and relevant information. The active participation of the students and their enthusiasm to learn was a significant strength of the programme.

Weakness

The programme was limited to a single session, which might not be sufficient for comprehensive career guidance. A series of follow-up sessions could be beneficial for the students to fully grasp the preparation strategies.

Opportunity

This programme opened avenues for students to explore government job sectors and inspired them to take concrete steps towards their career goals. Collaborations with educational institutions like RICE Education could lead to more workshops and training sessions in the future.

Challenges

The primary challenge is to maintain the momentum and keep the students motivated throughout their preparation journey. Consistent follow-up, regular workshops, and personalized counselling could help in overcoming this challenge.
