Domkal Girls' College
Domkal, Murshidabad

Resolutions:

1. **Event Details:** A Thalassemia Screening cum Blood Test Camp will be organized on 13th March 2024 at 1:30 PM to raise awareness and provide screening for thalassemia and other blood-related disorders.
2. **Camp Setup:** Necessary arrangements for medical equipment, chairs, and waiting areas will be made in advance to ensure smooth operations.
3. **Collaboration with Medical Professionals:** The camp will be conducted in collaboration with a licensed healthcare provider or hospital specializing in thalassemia screening and blood tests. Medical professionals and trained staff will be present to conduct the screenings and provide consultations.
4. **Screening Process:** The screening process will include a basic blood test to detect thalassemia and other blood-related disorders. Volunteers will guide participants through the process and provide necessary instructions.
5. **Awareness Session:** An informative session will be conducted by a medical expert before the screening begins, educating participants about thalassemia, its prevention, symptoms, and available treatment options.
6. **Publicizing the Event:** The event will be promoted through posters, social media platforms, and word of mouth to ensure maximum participation. Flyers with basic information about thalassemia will also be distributed to raise awareness.
7. **Volunteer Participation:** NSS volunteers will be responsible for assisting with the registration process, guiding participants, and ensuring the camp runs smoothly. They will also help with the awareness session and the distribution of educational materials.
8. **Post-Camp Follow-up:** After the screening, participants will be given necessary advice or referrals for further testing or treatment if required. A follow-up system will be in place to track the health status of individuals who may need further medical intervention.
9. **Feedback and Evaluation:** After the camp, a feedback form will be distributed to gather input from participants, assess the effectiveness of the camp, and improve future health camps organized by the NSS unit.
